

સાચા શિક્ષક-ગુરુઓના
હાથમાં જેટલી શક્તિ હોય
એ એટલી પ્રધાનમંત્રીના
હાથમાં પણ નથી હોતી
- ઓ.પી.જે. કલામ

લોકસમાની ચુંટણી પહેલાં કોંગ્રેસની શરણાગતિ

પેટા ચુંટણીમાં છ બેઠકો ભાજપને આપી દીધી, વિધાનસભા પછીનો સોથી મોટો ફટકો

ENGINEERING & SCIENCES

Physics, Chemistry and Mathematics, Petroleum Engineering, Energy Systems & Technology (focused on solar energy), Nuclear Engg., Civil Engg., Mechanical & Industrial Engg., Electrical Engg., Chemical Engineering.

Pandit Deendayal Petroleum University (PDPU) offers UG, PG, and Research Programmes in Engineering, Sciences, Management, and Liberal Arts. A strong interaction between academia and industry in Engineering and Sciences has metamorphosed PDPU into a research oriented seat of higher learning in the areas of engineering, renewable and non-renewable energy sectors in India. An infrastructure which houses State of the art Laboratories in technology, duly established by PDPU and its partner industries intensively enables academic research and industry interaction. Engineering and Science Programs have been expanding to develop specialized research groups in several modern technological and energy related domains with its industry partners and Global universities of repute. In pursuit of this goal, PDPU invites bright, talented students and scholars, to join their under graduate, post graduate and research programmes to become part of this Endeavour.

CENTRES OF EXCELLENCE IN THE PIPELINE

Solar Energy, Geo Thermal Energy, Nuclear Energy, Shale Gas, Bio-Fuel & Bio Energy studies, Climate Change

PDPU IS COMMITTED TO RENEWABLE ENERGY INITIATIVES AS A CONTINUING ACTION AGAINST CLIMATE CHANGE.
